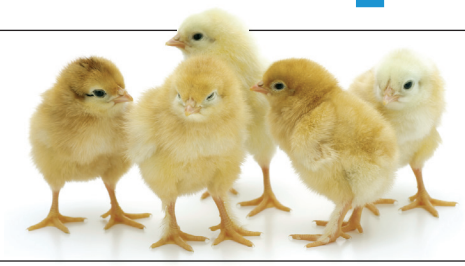
HydroGel™ 95



Non-Wetting Hydration Supplement Gel for Poultry, 95% Water

HydroGel™95 is a ready-to-use hydration supplement, containing 95% water with nutrients specifically formulated for hatchling poultry. HydroGel™95 enhances hatchling survival rate and their ability to overcome the stress of transportation from hatchery to farm.

Clearly Better Quality

- **Nutritionally Balanced** – Delivers hydration and nutrition during transportation, reducing mortality.
- **Portion Control** – Gel Cubes retain their shape, composition and moisture content.
- **Non Wetting** – Hatchlings stay dry.
- **Contaminant Free** – Independent laboratory tested to be free of spoilage organisms and pathogens.
- **Quality Assurance** – Produced in an FDA approved facility with Certificates of Analysis available on-line.

Clearly Better Convenience

- **Ready-To-Use** – No measuring or mixing. Reduces time and labor.
- **Packaging** – 1020g pouches coded with lot and expiration date.
- **Portioning** – Each pouch yields 49 - 21gm or 196 - 5gm gel cubes for easy dispensing. Use our Gel Cutting Device & Cutting Board for best results.
- **Stability** – Commercially sterile. Room temperature shelf stable.

Ingredients

Purified Water, Vegetable Oil, Hydrocolloids, Molasses, Corn Fiber, Food Acids, Plant Protein (Wheat), Electrolyte Blend, Vitamin Blend, Mineral Blend, Food Colors.

ClearH$_2$O®

Clearly Better Packaging

HydroGel™ 95 comes in convenient 1020g pouches with 15 pouches per case. Room temperature storage and 24 month dating make inventory and handling convenient.

Clearly Better Preparation

The innovative design of the Gel Cutting Device & Cutting Board make portioning efficient and easy. Made of stainless steel and food grade polymer components, the equipment can be easily cleaned and sterilized.

Portioning HydroGel™ 95 with the Gel Cutting Device & Cutting Board

1. Set up the Gel Cutting Device on the Cutting Board placed over a bucket or storage container.

2. Using a Pouchmate Opener, slice the pouch open and remove the gel square.

3. Place up to four gel squares into the Gel Cutting Device hopper.

4. With the Gel Cutting Device plunger, push the gel squares through the blade assembly.

Company Information

ClearH$_2$O® is committed to providing products that improve the welfare and productivity of poultry. We offer poultry breeders and producers gel products that support the optimum delivery of hydration, nutrients, biologics and therapeutic ingredients to chicks and poults. Our proprietary product formulations and manufacturing process results in unsurpassed product consistency and convenience.
