MediGel[®] Hazelnut

Dietary Supplement for Medication Delivery

MediGel[®] Hazelnut is a highly palatable soft gel designed to administer medication by oral consumption to research animals.

Delivering Solutions

- Nutella[®]-like flavor masks unpleasant medication taste
- Paste texture provides easy hand-mixing of therapeutics
- Theobromine free
- Nutritionally fortified soft gel promotes consumption by compromised animals

Delivering Quality

- Sterile inside and out
- Tyvek[®] medical packaging
- E-Beam irradiated
- Complies with quality standards as tested by an independent laboratory
- Certificate of analysis by manufactured lot
- Individually coded with lot and date of expiration

Instructions

- To be administered under the direction of a veterinarian
- Dosage: 1 cup is designed for 5 mice over 2 days based on average size and consumption. Monitor intake.
- Manufactured for use in research animals
- Follow hand mixing protocol
