DietGel® 31M is a nutritionally fortified dietary supplement, combining hydration and nutrition in a single serving. Modeled after the NIH 31 Modified formula and made with purified ingredients, including sunflower seeds. The soft texture is ideal for compromised animals.

**Delivering Solutions**
- Combines hydration and balanced nutrition
- Models NIH 31M nutrient profile
- Purified ingredients provide consistent nutrition
- Soft gel promotes consumption by compromised animals, including EAE, aging, neurological, surgical, cancer and immunodeficient models
- Sunflower seeds provide nutrition and enrichment

**Delivering Quality**
- Sterile inside and out
- Tyvek® medical packaging
- E-Beam irradiated
- Purified ingredients exclude phytoestrogens and nitrosamines
- Complies with quality standards as tested by an independent laboratory
- Certificate of analysis by manufactured lot
- Individually coded with lot and date of expiration

**Instructions**
- To be administered under the direction of a veterinarian
- Manufactured for use in research animals
- Dosage: 1 cup is designed for 5 mice over 2 days based on average size and consumption. Monitor intake.

**Ordering Information**

DietGel® 31M - 72-08-5022
2 oz cup (56g) - 96 cups per case
Barrier packed
Nutritional Information per 100g

Ingredients

Shelf Life

24 month shelf life

Storage

Does not require refrigeration or special handling.

Company Information

ClearH₂O® is committed to advancing animal research and agriculture with more effective and ethical hydration, nutrition, and medication delivery solutions utilizing our proprietary gel technology. Made in our FDA approved facility, ClearH₂O® products are formulated with purified ingredients and highly palatable to optimize consumption. The ready to use, convenient product format with long-dated, room temperature shelf stability helps animal researchers and producers improve the health and welfare of their animals while optimizing research and productivity outcomes.
