

Clear **H₂O**[®]

MediDrop[®] Sucralose

Liquid Gel Delivery System for Medication

MediDrop[®] Sucralose is a ready to use liquid gel delivery system containing 99% purified water. MediDrop keeps the medications in suspension, allowing for consistent medication delivery.

Delivering Solutions

- Alternative to medicated water or oral gavage, to deliver analgesics, antiparasitics, and therapeutic compounds
- Provides uniform suspension of non-soluble medications
- Eliminates daily shaking of water bottles, saving labor
- Sweet flavor masks unpleasant tasting medications

Delivering Quality

- Complies with quality standards as tested by an independent laboratory
- Certificate of analysis by manufactured lot
- Individually coded with lot and date of expiration

Instructions

- Use as the sole hydration source during treatment
- To be administered under the direction of a veterinarian
- Manufactured for use in research animals
