ClearH₂O[®] Nutritional Supplement Products

DietGel[®] 76A

is a nutritionally fortified dietary supplement, combining hydration and nutrition in a single serving. Formulated with purified ingredients, modeled on the AIN 76A maintenance diet formulation. It is flavor enhanced resulting in increased consumption.

DietGel[®] 31M

is a nutritionally fortified dietary supplement, combining hydration and nutrition in a single serving. Modeled after the NIH 31 Modified formula and made with purified ingredients, including sunflower seeds. The soft texture is ideal for compromised animals.

DietGel[®] Prenatal

is a high protein supplement, combining hydration and nutrition in a single serving, for lactating and breeding rodents. Formulated with purified ingredients and Omega 3 fatty acids.

DietGel[®] Boost

is a high-energy nutritional supplement that provides caloric support for weanlings, post surgical, debilitated and aging animals.

DietGel[®] Recovery

is a nutritionally fortified water gel that aids in the recovery of post surgical, weak or impaired rodents. Proven to increase survival rates in compromised animals. Formulated with purified ingredients that provide 70% water, calories and electrolytes.

DietGel[®] 93M

is a complete maintenance diet containing a full spectrum of vitamins and minerals. Formulated with purified ingredients and modeled on the AIN 93M diet, it is flavored enhanced to promote consumption.

Advancing animal research
with more effective and ethical
hydration, nutrition, and
medicine delivery solutions.

ClearH₂O[®]

ClearH₂O[®] Nutritional Supplement Products

HydroGel[®]

is a non-wetting, sterile water gel for animal hydration. 98% pure water. The industry standard for hydration during transportation.

LabGel[®]

is a non-wetting naturally flavored gel, designed to provide enrichment and hydration. It is an excellent vehicle for medication delivery for nonhuman primates and other research animals.

MediGel[®] Sucralose

is a sweetened, low calorie water gel, designed to administer medication for research animal applications.

MediGel[®] Hazelnut

is a highly palatable soft gel designed to administer medication by oral consumption to research animals.

MediDrop[®] Sucralose

is a ready to use liquid gel delivery system containing 99% purified water. MediDrop[®] keeps the medications in suspension, allowing for consistent medication delivery.

Advancing animal research with more effective and ethical hydration, nutrition, and medicine delivery solutions.
